Preparation instructions

ABDOMINAL ULTRASOUND

Nothing to eat or drink for 6 hours prior to your appointment (no smoking or chewing gum).

PELVIC ULTRASOUND/RENAL

Empty bladder 1.5 hours prior to appointment time, then drink 1 litre of water and finish drinking within 30 minutes. **DO NOT** pass water until after examination. It is important that you arrive for your scan with a **FULL** bladder.

For a renal ultrasound, in addition to drinking water as above, do not eat for 6 hours prior to your appointment.

PREGNANCY ULTRASOUND

LESS THAN 18 WEEKS: Empty bladder 1.5 hours prior to appointment time, then drink 1 litre of water and finish drinking within 30 minutes. **DO NOT** pass water until after examination. It is important to arrive for your scan with a **FULL** bladder.

18 TO 22 WEEKS: Empty bladder 1.5 hours prior to appointment time, then drink 500ml of water and finish drinking within 30 minutes. **DO NOT** pass water until after examination. It is important that you arrive for your scan with a full bladder.

CT HEAD / NECK / CHEST

Nothing to eat or drink 2 hours prior to your appointment.

CT ABDOMEN / RENAL

Nothing to eat or drink 2 hours prior to your appointment.

You need to arrive 1 hour prior to your appointment to drink a contrast solution.
